2.Write a few lines on the season,Spring.

Spring

There are six seasons in India.Every season has its own charm and beauty.Spring is the last season of a year.It is called the queen of the seasons.It lasts from mid February to mid April.It is a very pleasant season.The sun shines brightly in the cloudless blue sky.The weather is very soothing.A gentle breeze blows.In this season new leaves come out of trees.Flowers like palash,simul etc.bloom and fruits like apple,pear etc.grow in this season.We get vegetables like peas,beans,beets etc.We celebrate the festivals like Holi and Navaratri.The farmers harvest their ripe crops.Diseases like pox,measles etc.break out in this season.But the pleasant weather and the beauty of nature of this season make us very happy.

***For practice:**

Write six lines on the season with the help of the following hints:

Scorching sunlight,mogra,parwal,mango,Bengali New Year,drought.

Note :
